

## Michigan Section ARPSC Net Preamble

This is \_\_\_\_\_ Net Control station for the Michigan Amateur Radio Public Service Corps Net. This net meets every Sunday at 5:00 P.M. Eastern time on or near a frequency of 3932 kHz. Our alternate frequencies are 5346.5 and 7232 kHz. These are the designated Michigan Emergency Frequencies. This net is also available via VHF and UHF linked repeaters courtesy of the Central Michigan Emergency Network. If you receive the net on VHF and UHF, you are also invited to check in and participate. The net is also available on EchoLink, but will be receive only.

The purpose of this net is to provide a weekly state-wide exchange of information and ideas concerning AUXCOMM in Michigan, including ARES, NTS, and SKYWARN. All radio amateurs with a sincere interest in supporting public safety are invited and encouraged to take part in this net.

This is an ARRL section level net. Regular participants include your Section Officials, NTS Officials, assistants, and representatives from these groups.

This is \_\_\_\_\_. My name is \_\_\_\_\_ and I hold the position of \_\_\_\_\_.

From the pre-net group, I have the following stations listed: (READ CALLS). Those stations need not check in again, but other stations for the net, please call now.

Notes:

Please call upon Section Leadership Officials for comments prior to the general roundtable. Please send a net report including a list of stations in the net and the elapsed time to the Net Manager.
